Our Designing team

DESIGNING

Good design is Good Business

DEVELOPMENT

Designs are crafted by artisan

COLLECTION OF PRODUCTS

A Collection of each product category

Dispatch of Samples

Samples are hand-over to send further to customers

“Quality is not checked in the end, it’s manufactured from beginning.”

All our units function on AQL 2.5

Our quality assurance comes from a constant process improvement driven by a team of 35 people, constantly making efforts in that direction

Our Quality Compliance

EDDR – Every Day Different Rejection

DPRR- Daily Percentage Improvement on Rejection and Rework

Monitoring Major defects and there causes

Eliminating causes for major defects

Our Quality Checks

Source

Incoming Raw material is checked at the ancillary who themselves work on AQL 2.5. Vendors constantly delivering quality are allowed to send material with self inspection certificates.

Receiving

Once the material is received at the production unit it is tested for the parameters and specification created by the product development and quality department while designing the product.

Interim

At every stage of production the product as well as the process is monitored for satisfactory results.

Final

The shipment is finally checked and approved for all specs before it leaves the factory, and certified on basis of AQL 2.5

Production Facilities

“

“There are three responses to a piece of design – yes, no, and WOW! Wow is the one to aim for.”

Milton Glaser

”

Some amazing information of fouta towels :-

The Fouta is a piece of thin patterned cotton or linen fabric which is used by both men and women, wrapped around the body while at the public baths in 19th-century.

These days Fouta towels are being used for many purposes a beach towel, a bath towel, a scarf, a throw blanket, a sarong, a picnic blanket, a yoga mat, a table covering, a turban. . . .

these towels are known to become even softer and more absorbent with successive washings.
