BRASS CITY OVERSEAS

Your one-stop manufacturing solution

Agenda

Part 1: Our Mission

Part 2: 2 Major Specialities

Part 3: Why work with us

Part 4: Summary

Our company's main mission :

To make
manufacturing a
completely
transparent and
tireless process for
the buyers.

How do we get there?

We make that a possibility by having all the manufacturing processes in-house. We have well educated staff that helps us keep you, The buyer, well informed on the timeline.

Our 2 Major Specialties

Sample time
15 Days

Order time
60 Days

**WHY WORK
WITH US?**

Why work with us?

Have the manufacturing prowess

We have all the major manufacturing processes in-house and have a very skilled and dedicated work force that helps us deliver quality and timely orders.

Why work with us?

Got a huge order? We have your back.

We are well equipped with both the resources and experience to handle large orders on tight schedules. We make it possible by understanding the process and highlighting the bottle necks and solving for them beforehand so that you would have one less thing to worry about.

Why work with us?

**Oh the product is
complicated, not for us.**

We have very skilled samplers that are 24*7 working on developing the samples for the buyers and who check the utility and aesthetics of the products being developed.

Our manufacturing facility

.....

Electro plating

Powder coating

Our Roadmap

The path to delivering the perfect products

Our roadmap shows the five small steps we follow to deliver the perfect product.

Making a cad

cad gives us idea on the errors in the dimension.

Sample production

Sample produced on the CAD specifications

Sample validation

Validating the sample before production.

PPM doc

Preparing a Pre Production Document to Highlight the specific processes and possible bottle necks.

Multiple Inline Quality checks

Quality inspections over the production timeline to make sure the product is up to the standards agreed upon.
