Accessory Arcade

A highly trusted private label & OEM entity in  
Yoga, Meditation and Acupressure Equipment.

# Product Catalogue 2023

 [www.yogasourcing.com](http://www.yogasourcing.com)

Meditation aids to relieve stress, anxiety, depression and countless more benefits that can't be counted on the fingertips. Meditation props help improve posture and release tension often experienced while sitting on the floor. Thanks to the guidance received from the traditional Buddhist monks along with our own textile experience spanning over 20 years, we could create exceptional quality cushions and mats to make meditating for a longer period of time not only manageable, but truly comfortable.

**"Each moment is just what it is. It might be the only moment of our life; it might be the only strawberry we'll ever eat. We could get depressed about it, or we could finally appreciate it and delight in the preciousness of every single moment of our life."**

**– Pema Chödrön, Buddhist teacher**

Over the past two decades, we have been committed to providing yoga and mindfulness-based wellness solutions for the global community. In order to pay attention to the precision and alignment, Yoga Master BKS Iyengar conceptualised and developed props and gears for the benefit of Yoga community. With due deference to Yoga Guru BKS Iyengar, we have taken a step further by providing such functional equipment which are made from finest sustainable raw materials sourced locally. These gears are developed with unique and innovative designs yet confining to the Buddhist traditions.

At our manufacturing unit located in New Delhi, we ensure best safety standards and processes which meet global standards. We have a well-defined workflow with necessary checks and balances to ensure each product is manufactured with the highest quality and standards. Accessory Arcade is audited and found to be in conformity with the Organic Content standard of Textile Exchange, USA. The majority of our business comes from the Europe and the United States of America thanks to the strong marketing activities undertaken in that region. Recently, we introduced Yoga mat bags from 100% regenerated nylon from discarded fishing nets and would like to offer more sustainable products for the market.

We are an SME for whom Yoga's ethical precepts guides our organization values and mission. Our company embraces the values of gender equality, equal respect for all socio-economic and religious groups. Hence for all of us at Accessory Arcade, our work has a deeper meaning as we are proud to practise, nurture and provide Yoga's spiritual and therapeutic solutions to the entire humanity.

Namaste!

Acupressure has its roots in traditional Chinese Medicine and according to tradition, it is believed to have acupressure points along meridians or channel and through these invisible channel flows vital energy called Qi (chi). Each meridian is connected to various organs and tissues of human body. When one of the meridians is blocked or out of balance, it causes various symptoms and health conditions anywhere along the meridian. We have reinvented the acupressure mat with more than 8820 non-toxic pointed spikes to stimulate acupressure points along neck, spine and back.

Yoga is an ancient Indian practice that brings together mind and body. The ancient yogis used logs of wood, stones and ropes to help them practice yoga exercises (asanas) effectively. Use of props makes the asanas more accessible to all practitioners, irrespective of their flexibility, age, strength or training level. Props allow muscular extension to take place while the brain remains passive. We have made sure our products are of supreme quality starting from sourcing to fabrication ensuring you can practice yoga without worrying!

# SINGING BOWL & CYMBAL

Originating in the Himalayas over 2000 years ago, singing bowls are used worldwide for meditation, music and relaxation. Each singing bowl comes with a wooden striker that generates a healing vibration and enlightens the chakras during meditation. Tibetan tingsha are small cymbals used in prayer and rituals by Tibetan Buddhist practitioners.
