

## THE STORY:

Cotonex story started in 1990 as a manifestation of dreams and determination. Our own personal background of coming from humble beginning gave us a deep desire to create something that has collective positive impact to many. While we manufacture and export home textiles for the global market, we also help our people to support their own homes in a small row called Karur where we are located. Besides the compliance and certifications of our production facility, we believe in working harmoniously with all the natural and human resources available to us.

Our focus is to produce the highest quality standards, fascinating design, competitive pricing, and timely delivery in all fairness. Our vision is to reach many hearts and homes around the globe through our business.

## OUR MISSION

To manufacture world-class products of outstanding quality that give our customers a competitive advantage through superior products and value, so we can make every customer smile. To encourage people's ownership, empowerment and working under team structure. To attain highest level of efficiency, integrity and honesty. COTONEX is devoted to achieve consistent improvement in the system of providing products. To serve the customers through timely delivery and enhancing customer satisfaction by means of quality and value

## OUR VISION

To manufacture products comparable to international standards, to be customer-focused. To be globally competitive through better quality, latest technology and continuous innovation. To attain market leadership through unmatched quality, a diverse and unique product mix, empowered employees, world-class systems and the highest ethical and professional practices.

Sustainability to us means beyond the manufacturing facilities. We look at our business as an opportunity to add value in multiple ways to people, product and the environment. To build business through sustainable relationship is at the core of our values. Mutual respect, flexibility, with people within the company, with our business partners and those who we collaborate with, has helped us grow over these years.

Harnessing the power of nature : We believe every natural energy saved is every energy gained. We have zero liquid discharge (ZLD). Our factory is equipped with wastewater treatment plant that recycles the water for our reuse. We are a solar powered factory.
